HOW THIS COURSE WORKS:

Mode of delivery:
• 100% online delivery.

• All synchronous sessions will be held within the original time/day pattern of this course, though we will not use all of those days, nor all of the time each time we meet
• All synchronous work can be made up in an asynchronous fashion, if you are unable to attend

Pace of online activities: This course is divided into weekly modules. Students are expected to keep pace with weekly deadlines but may schedule their efforts freely within that time frame.
• In order to scaffold your work, there are weekly lectures, discussions, and assignments
  ○ Fridays at 11:59pm will be the deadline for any assignments/discussion participations

Credit hours and work expectations: This is a 3-credit-hour course. According to Ohio State policy, students should expect around 3 hours per week of time spent on direct instruction (instructor content and Carmen activities, for example) in addition to 6 hours of homework (reading and assignment preparation, for example) to receive a grade of (C) average.

Attendance and participation requirements: Because this is an online course, your attendance is based on your online activity and participation. The following is a summary of everyone's expected participation:
• Participating in online activities for attendance: WEEKLY
  You are expected to log in to the course in Carmen multiple times each week. If you
have a situation that might cause you to miss an entire week of class, discuss it with me as soon as possible.

Description of major course assignments

*Weekly Discussion Board:* Throughout the semester, the class will complete short discussion board writing related to course materials. The discussion boards are located on Carmen and will be chosen to illustrate portions of the course material and help students to understand the material better.

You will be expected to post at least ONCE weekly, based on a prompt I will give you. I want you to put thought and effort into your post. It should reflect careful thought and attention to the topic.

If you want to post BEYOND that one required post per week, feel free! I welcome all discussion, as it fuels the class learning environment.

*Writing Assignments:* Throughout the semester, I will periodically assign you a writing project. This could be based on an article, or a case study, or a question you need to answer.

*Sports Psychology Project:* You are to pick a topic discussed in class (from the topics listed below) and come up with a YouTube video intended to instruct a beginner student on the basics of this topic. Your presentation should be no longer than five to seven minutes long, and will be graded on originality, professionalism, depth of topic, participation, and methods of instruction.

You are expected to create an original video that is engaging, thoughtful, inspiring, and creative. Take an old, boring concept and make it fresh again, or teach one of the concepts in a new, novel way! You are only limited by your creativity and effort!
Grading for the Sport Psychology Project will be as follows:

**Creativity** (how original was this video? Are there others like it?) 15 pts

**Professionalism** (editing, transitions, aesthetics, etc) 15 pts

**Topic depth** (how well did you teach it? Did you make is easy to learn?) 15 pts

45 pts

Potential Topics Could Include:

- Stress Management Techniques
- Time Management Tools for Students
- Goal Setting Techniques
- Team Cohesion
- Imagery (for any topic)
- Positive Self-Talk
- What is Sport Psychology?
- Relaxation Techniques (other than sleeping…)
- Building Confidence
- Systematic Desensitization for Fear Reduction

OTHER COURSE POLICIES

Discussion, Netiquette, and Communication Guidelines:

The following are my expectations for how we should communicate as a class. Above all, please remember to be respectful and thoughtful.
• **Writing style:** While there is no need to participate in class activities/discussions as if you were writing a research paper, you should remember to write using good grammar, spelling, and punctuation. A more conversational tone is fine for non-academic topics.

• **Tone and civility:** Let’s maintain a supportive learning community where everyone feels safe and where people can disagree amicably. Remember that sarcasm doesn't always come across online. Please do not engage other students with negative feedback about them as a person and remember to always rely on the data and to focus on the argument being made, not the person making it. Remember to adhere to the OSU Student Code of Conduct at all times - [https://studentconduct.osu.edu/](https://studentconduct.osu.edu/)

• **Citing your sources:** For your contributions in this course, please cite your sources to back up what you say. (For the textbook or other course materials, list at least the title and page numbers. For online sources, include a link.)

• **Backing up your work:** Consider composing your academic posts in a word processor, where you can save your work, and then copying into the Carmen discussion.

• **What is said in class stays in class:** Please do not share any course materials or student contributions outside of this class without clear written permission from the student involved AND myself. Any stories I personally share about work I have done will include name changes, and changes in identifying information, for the sake of everyone’s privacy.

---

**Zoom/Videoconferencing Guidelines:**

Some of our interactions in this class will occur through Zoom videoconferencing. Because this mode of discussion has benefits and challenges that differ from in-person class sessions, I want to share my expectations for how we will meet and communicate:

• **Technical Issues:** If you encounter a technical issue with Zoom during a session, first make sure you are using the latest version of Zoom. Next, contact the IT Service Desk at [http://go.osu.edu/it](http://go.osu.edu/it) or 614-688-4357(HELP). If issues continue, contact me after the session to learn how to make up for the missed content either via a recording or other means. I will not be able to address technical issues during a live session.

• **Preparation:** Come to the session having completed any readings or pre-work and be ready to have open, civil, and supportive discussions in video and chat spaces. I ask that you update your Zoom profile with your preferred name and add a picture with your face.

• **Participation:** At the start of our sessions, I’ll share specific expectations for how to use the chat, how to interact, and how to raise questions or concerns as we go. If you are unsure about expectations or are unsure about raising a question, please follow up with me afterward to make sure your questions are answered. Plan to be present during the entire class session as much as you are able. For some activities, I may ask you to share your faces on camera so that we can see each other and connect. Please feel encouraged to use a non-distracting virtual background. Many students and instructors prefer not to share their remote spaces for a variety of reasons. Mute your microphone when others are talking to minimize background noise in the meeting.
• **Recordings:** I will be recording our meetings, when possible, for the benefit of students who may need to be absent. These links will only be shared with students in our class. Please do not share any course materials or student contributions outside of this class without clear written permission from the student(s) involved AND myself.

**Academic Integrity Policy:**

See **Descriptions of major course assignments**, above, for my specific guidelines about collaboration and academic integrity in the context of this online class.

**OHIO STATE’S ACADEMIC INTEGRITY POLICY**

Academic integrity is essential to maintaining an environment that fosters excellence in teaching, research, and other educational and scholarly activities. Thus, The Ohio State University and the Committee on Academic Misconduct (COAM) expect that all students have read and understand the university’s **Code of Student Conduct** ([studentconduct.osu.edu](http://studentconduct.osu.edu)), and that all students will complete all academic and scholarly assignments with fairness and honesty. Students must recognize that failure to follow the rules and guidelines established in the university’s **Code of Student Conduct** and this syllabus may constitute “Academic Misconduct.”

The Ohio State University’s **Code of Student Conduct** (Section 3335-23-04) defines academic misconduct as: “Any activity that tends to compromise the academic integrity of the university or subvert the educational process.” Examples of academic misconduct include (but are not limited to) plagiarism, collusion (unauthorized collaboration), copying the work of another student, and possession of unauthorized materials during an examination. Ignorance of the university’s **Code of Student Conduct** is never considered an excuse for academic misconduct, so I recommend that you review the **Code of Student Conduct** and, specifically, the sections dealing with academic misconduct.

If I suspect that a student has committed academic misconduct in this course, I am **obligated by university rules to report my suspicions to the Committee on Academic Misconduct**. If you have any questions about the above policy or what constitutes academic misconduct in this course, please contact me.

It is the responsibility of the Committee on Academic Misconduct to investigate or establish procedures for the investigation of all reported cases of student academic misconduct. The term “academic misconduct” includes all forms of student academic misconduct wherever committed; illustrated by, but not limited to, cases of plagiarism and dishonest practices in connection with examinations. Instructors shall report all instances of alleged academic misconduct to the committee (Faculty Rule 3335-5-487). For additional information, see the Code of Student Conduct [http://studentlife.osu.edu/csc/](http://studentlife.osu.edu/csc/).
Other sources of information on academic misconduct (integrity) to which you can refer include:

- Committee on Academic Misconduct web page (go.osu.edu/coam)
- Ten Suggestions for Preserving Academic Integrity (go.osu.edu/ten-suggestions)
- Eight Cardinal Rules of Academic Integrity (go.osu.edu/cardinal-rules)

**Statement on Title IX:**

All students and employees at Ohio State have the right to work and learn in an environment free from harassment and discrimination based on sex or gender, and the university can arrange interim measures, provide support resources, and explain investigation options, including referral to confidential resources.

If you or someone you know has been harassed or discriminated against based on your sex or gender, including sexual harassment, sexual assault, relationship violence, stalking, or sexual exploitation, you may find information about your rights and options at titleix.osu.edu or by contacting the Ohio State Title IX Coordinator at titleix@osu.edu. Title IX is part of the Office of Institutional Equity (OIE) at Ohio State, which responds to all bias-motivated incidents of harassment and discrimination, such as race, religion, national origin and disability. For more information on OIE, visit equity.osu.edu or email equity@osu.edu.

**Commitment to a Diverse and Inclusive Learning Environment:**

The Ohio State University affirms the importance and value of diversity in the student body. Our programs and curricula reflect our multicultural society and global economy and seek to provide opportunities for students to learn more about persons who are different from them. We are committed to maintaining a community that recognizes and values the inherent worth and dignity of every person; fosters sensitivity, understanding, and mutual respect among each member of our community; and encourages each individual to strive to reach his or her own potential. Discrimination against any individual based upon protected status, which is defined as age, color, disability, gender identity or expression, national origin, race, religion, sex, sexual orientation, or veteran status, is prohibited.

**Your Mental Health:**

As a student you may experience a range of issues that can cause barriers to learning, such as strained relationships, increased anxiety, alcohol/drug problems, feeling down, difficulty concentrating and/or lack of motivation. These mental health concerns or stressful events may lead to diminished academic performance or reduce a student's ability to participate in daily activities. No matter where you are engaged in distance learning, The Ohio State University’s
Student Life Counseling and Consultation Service (CCS) is here to support you. If you find yourself feeling isolated, anxious or overwhelmed, on-demand resources are available at go.osu.edu/ccsondemand. You can reach an on-call counselor when CCS is closed at 614-292-5766, and 24-hour emergency help is also available through the 24/7 National Prevention Hotline at 1-800-273-TALK or at suicidepreventionlifeline.org. The Ohio State Wellness app is also a great resource available at go.osu.edu/wellnessapp.
